i CAN make a difference

7TH ANNUAL SAN DIEGO DESIGN/BUILD COMPETITION
SPONSORSHIP

2011

Canstruction combines the competitive spirit of a design/build competition with a unique way to help feed hungry people. Competing teams, led by top architects, engineers and designers in San Diego, showcase their talents by designing giant sculptures made entirely out of canned foods. At the close of the exhibitions, all of the food used in the structures is donated to local food banks for distribution to pantries, shelters, soup kitchens, elderly and day care centers. This year, the San Diego competition will benefit Homefront San Diego (www.homefrontsandiego.com) and East County Transitional Living Center (www.ectlc.org), which help San Diego families and the homeless.

What can you do to Help?

Because YOU can make a difference, and it all starts with just "One Can". We need your help to make this event happen. In the past, the top local architectural, engineering and construction firms have raised over 100,000 pounds of food for needy people of San Diego. Please consider being a part of this year's event. Canstruction needs sponsors like you. As always, there will be local press releases, radio coverage and TV coverage. These avenues give you as a sponsor the potential to be noticed by thousands of industry people and more fun than you can imagine having with a can of food.

Sponsorships

Canstruction San Diego is looking for sponsors for our event. This year proves to be a great competition with a record number of entries. We would greatly appreciate sponsorship from companies such as yours, to help ensure that Homefront San Diego and East County Transitional Living Center receive an abundance of canned foods for San Diego families. We thank you for your consideration and support!
